Campbell Block, Fort Street

**THE First Consideration**

When one decides to have their dental work attended to, is to have it done in the best possible manner, and the second consideration is the price. The high class of work turned out at the NEW YORK DENTAL PARLORS every day counts, and more people are realizing that they can get better work done there and at lower prices than anywhere else.

Each department in charge of a specialist, our operators are graduate dentists of the best recognized schools in the United States, or the world. And have had many years of experience in their chosen profession.

**NO PLATES REQUIRED**

The Principal Watch Dealers in  
Hawaiian Islands

## RICH LAND —IN— Central Kona FOR SALE

By order of REINNE RODANET, Trustee, I offer for sale those certain parcels of land situate at Onouli, South Kona, Island of Hawaii, described in Royal Patent (Grant) No. 1162 to F. O. Schulze, and containing 166 acres. Royal Patent (Grant) No. 2662 to Awahua and containing 733 75-100 acres, situate at Keopuka and Onouli, Island of Hawaii.

This is a tract of land of over 918 acres, situated in the most fertile and richest portion of the Island of Hawaii. It faces the new Government road, extends to the sea, and is five minutes' walk from Kealahou Bay, by way of the old Government road which runs through the property. Portions of the land are already under cultivation.

This tract is so situated that it is about midway between Kailua and Hekeana, and five miles from Napoos, three most important ports of the Kona district. It has sufficient elevation, running up to fourteen hundred feet, to be particularly healthful, and its soil is well adapted to the growth of sugar cane, coffee, fruits, dairying, or for the promotion of diversified farming.

Occupants of this land have easy access to several ports for export, and with the advent of the Kona Railroad will find themselves in close communication with the thriving City of Hilo. This, of course, affords a splendid opportunity for the exporting of farm products to the California markets. With the revival of the Kona Sugar Co., considerable portions of this land can be successfully planted to sugar cane.

This is one of the most splendid opportunities for a good investment that has been put upon the market for a considerable period of time.

Further particulars of  
**JAMES F. MORGAN,**  
65 QUEEN STREET.

## Letters Copied While Writing

With an ordinary pen. Use any paper, any ink, or pencil if desired. No press, no brush, no water. Just slip your paper in the clip and write your letter, bill—anything—and our Pen-Carbon Letter Book retains a perfect copy.

## MAIL STEAMERS FOR THE COAST

The Nippon Maru and Ventura  
Get Away During  
Yesterday.

The O. S. S. Ventura, Captain Hayward, and the T. K. K. Nippon Maru, Captain Greene, left for the Coast yesterday.

The Ventura sailed about 10 a. m. from Oceanic wharf. She took 9000 bags of sugar from this port. The Territorial Band was on hand to give the vessel some melodies before leaving. She took away quite a number of passengers from this port. Among them is Mrs. John D. Spreckels, wife of the president and general manager of the Oceanic Company, and party, who have a fine suite of cabins. Other passengers were L. A. Thurston and son, the Rev. Mr. Mackintosh and the Misses Afoing.

The Nippon Maru did not get away until about 5 o'clock and took only two passengers from Honolulu.

### Smuggled Tobacco.

A Sydney paper of June 17th says: "Inspector Donohoe and two other officers of the Customs, whilst conducting a search of the E. M. S. Ventura yesterday afternoon, discovered a large quantity of tobacco concealed in the linen locker. Everyone on board disclaimed the ownership of the goods, which were promptly seized. The quantity of tobacco found is estimated at 168 pounds, equal to one case, and valued (duty paid) at between £40 and £50."

### Met Heavy Seas.

VICTORIA, B. C., June 25.—The British steamer Empress of China, which arrived tonight, had a very rough passage from the Orient. Five days out from Yokohama a heavy sea swept her crew's nest from the forward mast and carried away a portion of the starboard side of the bridge. The Empress brought a light cargo, about half of which was made up of new tea.

### To Command the Puako.

SEATTLE, June 25.—Captain George Seeley of the White Star liner Oregon is said to have accepted the captaincy of the new schooner Puako, which is being constructed for Hind & Rolph of San Francisco. Captain Seeley, it is understood, has secured a monetary interest in the vessel. At the present time the Oregon is en route to Nome.

### Scarcity of Sailors.

PORT TOWNSEND, June 25.—Sailors are very scarce on the Sound, and it is doubtful if the American bark Palmyra and the British ship Senator can secure the required complement of seamen for several days. Both vessels are bound for South Africa.

### Shipping Notes.

The steamer Mikahala is expected this morning from Kauai ports.

The bark City of Agra left Newcastle on June 22 with 1315 tons of coal for Honolulu.

The Japanese warships Hiyel and Kon-go left Auckland for Fiji en route to Honolulu, on June 18.

The ship J. B. Thomas, with 2368 tons of East Greta coal, cleared from Newcastle for Honolulu, June 17.

The bark General Fairchild, 2231 tons of Dukkendell coal, cleared from Newcastle for Honolulu on June 17.

The four-masted schooner Robert C. Hind sailed from Newcastle on June 10 for Elcele, with 878 tons of steam coal.

The gasoline schooner Eclipse, recently purchased by the von Humm-Young Co., Ltd., sails from Honolulu on July 15 at 4 p. m., for Honolulu, Kapaepa, Lahaina, Kihel and Makana.

The Collector of Customs will receive sealed proposals until noon of July 19, for the carting of dutiable merchandise imported here for a period of one year from the 1st of August, 1922. A bond of \$10,000 must be furnished, with two or more sureties for the faithful carrying out of the work by the successful tenderer.

The work of building the new wharves for the Bishop Estate, opposite the Honolulu Iron Works, is proceeding quickly. Three drillers and two dredgers are at work and the labor of dredging the outer half of the main dock is nearly completed. Drillers are now at work near the street. The material gathered up by the dredgers is being used to build up the land on the Bishop Estate back of the Union Feed Company.

### Slave Trade.

That the slave trade is still being carried on at Muscat was shown recently when Portuguese gunboats captured slave dhows and set free 700 slaves.

## VESSELS IN PORT.
